

REMARKS

For the above-identified matter, a Preliminary Amendment was filed on 3/12/04 and an Amendment was filed on 8/4/04 in response to an Office Action dated 5/4/04. Subsequently, a personal interview was conducted with Examiner Phallaka Kik and Primary Examiner Vuthe Siek on 8/13/04. In the Preliminary Amendment (filed on 3/12/04), amendments to the specification, claims, and drawings were submitted. In the Preliminary Amendment, the amendments to the specification did not have proper formatting in that deleted portions did not show strikethrough and added portions were not underlined. This Supplemental Amendment contains amendments to the specification that correct the specification amendments of the Preliminary Amendment. In addition, the specification has been amended to remove embedded hyperlinks.

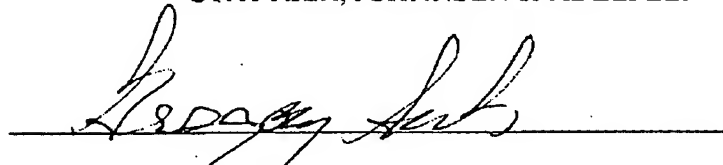

CONCLUSION

Applicants submit that all pending claims, namely claims 1-13 and 15-20, are in condition for allowance. As such, allowance is earnestly solicited at the earliest possible date.

Respectfully submitted,
